This is a safe space for LGBTQ2+ youth and their allies to gather without fear of bullying or judgment. The monthly groups are youth-led and are focused on connection, wellness, and current needs. With guidance, youth will plan and execute group projects and social events. Most importantly, this is a place to be your authentic self and have fun!

First-time Youth Centre attendees will require a parent to complete a registration form and COVID waiver and contract before using the centre. Masks are required for children and parents.
